## Professional Summary

---

Full Stack Developer and MCA candidate with hands-on experience building responsive web applications using Java, Python, Django, React.js, JavaScript, PHP, and ASP.NET MVC. Frontend Development Intern with proven ability to design user-friendly interfaces and collaborate with backend teams on PHP/Laravel applications. Skilled in database management (MySQL, MongoDB), version control (Git/GitHub/GitLab), testing, and UI/UX design, with a track record of delivering functional, real-world software including AI-integrated and OCR-enabled platforms.

## Technical Skills

---

**Languages & Frameworks:** Java, Python, Django, JavaScript, PHP, React.js, Node.js, ASP .NET MVC, Flask, Laravel

**Frontend Development:** HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design, UI/UX Design

**Database Management:** MySQL, MongoDB, Relational Database Design

**Testing & QA:** Selenium, Automation Testing, Debugging, Secure CMS Design

**Tools & Platforms:** Git, GitHub, GitLab, DevOps, Figma, Wireframing, Microsoft Excel, Microsoft PowerPoint

**Other:** OCR Integration, Software Deployment, Agile Methodology, Requirement Analysis

## Work Experience

---

### Frontend Development Intern

Dec 2025 – Jun 2026

*Pleximus Inc.*

*6 Months*

- Developed and maintained 5+ responsive web applications using HTML, CSS, Tailwind CSS, JavaScript, and Bootstrap, improving cross-device usability.
- Designed and implemented user-friendly interfaces with a focus on responsiveness, accessibility, and overall usability.
- Collaborated with backend developers on PHP and Laravel-based applications to deliver integrated full-stack features.
- Utilized Git and GitLab for version control, code management, and team collaboration across multiple sprints.
- Assisted in debugging, testing, and optimizing web applications, contributing to improved performance and user experience.
- Participated in requirement analysis, feature implementation, and end-to-end software development lifecycle (SDLC) activities.
- Strengthened core skills in frontend development, responsive web design, problem-solving, and collaborative software development.

| <i>Secondary School Certificate (SSC)   GPA: 72%</i>                 |          |

---

## Certifications

- Participated in Robovision – a tech event showcasing robotics and innovation (2024)

---

## Achievements

- Published research paper "Vision Walk: AI-Driven Real-Time Visual Assistance System for Visually Impaired Navigation" in IJSRST (International Journal of Scientific Research in Science and Technology), May 2026.
- Secured 2nd Rank, State-Level Quiz Competition, Navnirman College, Ratnagiri (Jan 2021)
- Secured 1st Rank, State-Level Gaming Competition, Navnirman College, Ratnagiri (Jan 2021)
